

We Need Your Help! Two of Capstone Advisors' projects have been nominated for San Diego's prestigious Orchid Awards, and we are shamelessly asking for your support.

We need your help to generate buzz about the two Capstone Advisors projects that have been submitted as orchids for this year's annual Orchids & Onions Awards!

Each year, the San Diego Architectural Foundation selects projects completed in the last year that represent outstanding architecture, planning and urban design throughout the San Diego region to receive nomination as an Orchid project. We think these two projects are up to the challenge!

We are so proud of the renovations completed late last year at both The Ivanhoe and The Presidio, and have enjoyed watching the impact they have had on the surrounding community. The Ivanhoe has been nominated for an Orchid under the "Miscellaneous" category due to the extensive renovations completed at the property. The Presidio has been nominated for an Orchid in "Architecture" because of the significant improvements made to the building's façade.

A jury of design professionals and artists will determine the ultimate winners, but we need you to lend your voice to what makes these projects and their impact on the community so unique. Also, keep an eye out for the announcement of the People's Choice voting in September. Check out the submissions for The Ivanhoe and The Presidio today!

Please visit the following links and to leave a comment and help generate buzz about these projects and the impact it has made in the community!
