

Capstone Advisors Celebrates 25 Years!

WE ARE DONATING \$75,000 TO CELEBRATE!

We are incredibly proud to reach the 25-year milestone! When the company was founded in 1996, we never could have anticipated the changes in our industry, in technology, and in the world. For a quarter of a century, we've surfed the waves and maneuvered change to always stay relevant. Our company has taken on a strategy of portfolio diversification over the years, a strategy not many others in the industry would commit themselves to. Whether in commercial real estate, residential development, or land assets, our reputation as good people and our commitment to ethical business practices is a point of pride.

The support from and partnership with our tenants, vendors, and lenders has undoubtedly brought us to this point of success and will continue to lead us into new markets and help us achieve continued growth. Our goal has always been to be a positive presence in every community within which we operate. To support that effort and celebrate our milestone with you all, we are excited to announce that we will be donating \$2,500 to a local non-profit organization on behalf of every property we own! The recipients will be nominated by the local business tenants in each region and will recognize organizations that work to make those communities a better place.

Thank you for joining us on our journey and continuing to push the industry forward. We're excited for what the next 25 years will bring.
